## Directors' report

The Directors present their report and the audited financial statements for the year ended 31 December 2012.

### Principal activities

The Company's principal activity, which is unchanged since last year, is to lease and manage the Plaza Shopping and Commercial Centre.

### Review of the business

The revenue of Plaza Centres p.l.c. for the year ended 31 December 2012 was €2,251,257 (2011: €2,198,894) whilst profit before tax amounted to €1,331,632 (2011: €1,313,139). Profit after tax amounted to €821,496 (2011: €835,461) whilst the Company's cost to income ratio remained in line with prior year. In 2012, occupancy was 84% (2011: 92%). The decrease in occupancy is due to the vacation of certain office space in June 2012. Higher occupancy levels are anticipated by the second quarter of 2013.

### Results and dividends

The Company's financial results are set out on page 17. The Directors recommend the payment of a final dividend of €698,272 (2011: €710,142).

### Directors

The Directors of the Company who held office during the year were:

Albert Mizzi - Chairman  
David G. Curmi  
Charles J. Farrugia  
Brian R. Mizzi  
Adrian Strickland  
Gerald J. Zammit  
Marzena Formosa - resigned 4 January 2013

On 9 January 2013, Etienne Sciberras was appointed as director of the Company.

The Directors are required in terms of the Company's Articles of Association to retire at the forthcoming Annual General Meeting and may offer themselves for re-appointment or re-election.

A shareholder holding not less than 14 per cent of voting rights of the issued share capital or a number of shareholders who between them hold not less than 14 per cent, shall appoint one director for every such 14 per cent holding by letter addressed to the Company. All shares not utilised to make appointments in terms of the above shall be entitled to vote at the Annual General Meeting to elect the remaining directors. The Memorandum and Articles of the Company provide for a Board of Directors of not less than five and not more than seven members.

### Share capital

The Company has an authorised share capital of 75,000,000 ordinary shares of €0.20 each, and issued and fully paid share capital of 28,242,000 ordinary shares with a nominal value of €0.20 each. The Company's share capital consists of only one class of shares, and all shares in that class are admitted to trading on the Malta Stock Exchange. All shares in the Company are freely transferable. There are no shareholders having special control rights in the Company, nor are there any restrictions on voting rights in the Company.

## Directors' report - continued

### Share capital - continued

The Company is authorised pursuant to its Memorandum and Articles of Association to purchase its own shares, provided that appropriate authority has been given to the Directors for that purpose. No such authority is currently outstanding.

The Company does not operate any employee share option schemes.

The Company is not aware of any agreements between shareholders with respect to the transfer of shares or the exercise of voting rights.

No disclosures are being made pursuant to Rule 5.64.10 and Rule 5.64.11 as these are not applicable to the Company.

The following are the shareholders holding more than 5 per cent of the voting issued share capital of the Company:

	% holding At 31.12.12	% holding At 13.03.13
MSV Life p.l.c.	28.36	28.36
Mizzi Associated Enterprises Limited	8.02	8.02
Central Mediterranean Development Corporation Limited	8.01	8.01
Rizzo Farrugia & Co (Stockbrokers) Ltd – Nominee Account	6.32	8.55
Lombard Bank Malta p.l.c.	5.07	5.07

### Statement of Directors' responsibilities for the financial statements

The Directors are required by the Companies Act, 1995 to prepare financial statements which give a true and fair view of the state of affairs of the Company as at the end of each reporting period and of the profit or loss for that period.

In preparing the financial statements, the Directors are responsible for:

- ensuring that the financial statements have been drawn up in accordance with International Financial Reporting Standards as adopted by the EU;
- selecting and applying appropriate accounting policies;
- making accounting estimates that are reasonable in the circumstances;
- ensuring that the financial statements are prepared on the going concern basis unless it is inappropriate to presume that the Company will continue in business as a going concern.

The Directors are also responsible for designing, implementing and maintaining internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and that comply with the Companies Act, 1995. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Directors' report - continued

### Statement of Directors' responsibilities for the financial statements - continued

The financial statements of Plaza Centres p.l.c. for the year ended 31 December 2012 are included in the Annual Report 2012, which is published in hard-copy printed form and made available on the Company's website. The Directors are responsible for the maintenance and integrity of the Annual Report on the website in view of their responsibility for the controls over, and the security of, the website. Access to information published on the Company's website is available in other countries and jurisdictions, where legislation governing the preparation and dissemination of financial statements may differ from requirements or practice in Malta.

The Directors further confirm that, to the best of their knowledge:

- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2012, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU; and
- the Annual Report includes a fair review of the development and performance of the business and the position of the Company, together with a description of the principal risks and uncertainties that it faces.

### Going concern basis

After making due enquiries, the Directors have a reasonable expectation, at the time of approving the financial statements, that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the Directors continue to adopt the going concern basis in preparing the financial statements.

### Auditors

PricewaterhouseCoopers have indicated their willingness to continue in office and a resolution for their re-appointment will be proposed at the Annual General Meeting.

## Corporate Governance - Statement of compliance

### 1. Introduction

Pursuant to the Listing Rules issued by the Listing Authority, Plaza Centres p.l.c. (the "**Company**") should endeavour to adopt the Code of Principles of Good Corporate Governance contained in Appendix 5.1 to Chapter 5 of the Listing Rules (the "**Code**"). In terms of Listing Rule 5.94, the Company hereby reports on the extent of its adoption of the principles of the Code for the financial year being reported upon.

The Company acknowledges that the Code does not dictate or prescribe mandatory rules, but recommends principles of good practice. However, the Directors strongly believe that such practices are generally in the best interests of the Company and its shareholders and that compliance with the principles of good corporate governance is not only expected by investors but also evidences the Directors' and the Company's commitment to a high standard of governance.

The Board of Directors (the "**Board**") has carried out a review of the Company's compliance with the Code for the financial year being reported upon.

### 2. General

The Company's governance principally lies in its Board which is responsible for the overall setting of the Company's policies and business strategies. The Company's principal activity is to lease and manage the Plaza Shopping and Commercial Centre.

The Company has adopted a corporate decision-making and supervisory structure that is tailored to suit its requirements and designed to ensure the existence of adequate controls and procedures within the Company, whilst retaining an element of flexibility essential to allow the Company to react promptly and efficiently to the dictates of its business, its size and the economic conditions in which it operates. The Directors are of the view that it has employed structures which are most suitable for the size, nature and operations of the Company. Accordingly in general, the Directors believe that the Company has adopted appropriate structures to achieve an adequate level of good corporate governance, together with an adequate system of control in line with the Company's requirements.

This corporate governance statement (the "**Statement**") will now set out the structures and processes in place within the Company and how these effectively achieve the goals set out in the Code. For this purpose, this Statement will make reference to the pertinent principles of the Code and then set out the manners in which the Directors believe that these have been adhered to. Where the Company has not complied with any of the principles of the Code, this Statement will give an explanation for non-compliance.

For the avoidance of doubt, reference in this Statement to compliance with the principles of the Code means compliance with the Code's main principles and the Code Provisions.

## Corporate Governance - Statement of compliance - continued

### 3. Compliance with the Code

#### *Principles One to Five*

***Principles One to Five of the Code deal fundamentally with the role of the Board and of the Directors.***

The Directors believe that for the period under review the Company has generally complied with the requirements for each of these principles.

#### ***Principle One***

The Board has throughout the period under review provided the necessary leadership in the overall direction of the Company, and has adopted systems whereby it obtains timely information from the Chief Executive Officer (the "CEO"). This ensures an open dialogue between the CEO and Directors at regular intervals, and not only at meetings of the Board. The Directors believe that the attendance of the CEO at Directors' meetings as well as regular reporting and ongoing communication through the Executive Committee has improved the communication between the Board and the CEO.

#### ***Principle Two***

In line with the requirements of Principle Two, the Company has segregated the functions of the CEO and the Chairman. Whilst the CEO heads the Executive Committee, the Chairman's main function is to lead the Board, a function which the Board believes has been conducted in compliance with the dictates of Code Provision 2.2.

#### ***Principle Three***

The composition of the Board, in line with the requirements of Principle Three, is composed of executive and non-executive Directors. During 2012, the Board was composed of two directors having an executive role as part of the Executive Committee and five other Directors acting in a non-executive capacity. The members of the Board for the year under review were Mr. Albert Mizzi (Chairman), Mr. David G. Curmi, Mr. Brian R. Mizzi, Mr. Adrian Strickland, Ms. Marzena Formosa, Mr. Charles J. Farrugia and Mr. Gerald J. Zammit. Pursuant to generally accepted practices, as well as the Company's Articles of Association, the appointment of Directors to the Board is reserved exclusively to the Company's shareholders, except in so far as an appointment is made to fill a vacancy on the Board. Ms. Marzena Formosa resigned as a director and member of the Audit Committee on the 4 January 2013 and was replaced by Mr. Etienne Sciberras with effect from 9 January 2013, as a director, and as a member of the Audit Committee as from 18 February 2013.

The Board usually meets every month. Board meetings usually focus on strategy, operational performance and financial performance. The Board also delegates specific responsibilities to the CEO and *ad-hoc* Committees as may be required from time to time.

For the purposes of Code Provision 3.2, the Board considers each of the non-executive Directors as independent within the meaning of the Code, notwithstanding the relationships disclosed hereunder, namely:

- i) David G. Curmi – is a senior officer of MSV Life p.l.c., which company is a shareholder of the Company;

### Corporate Governance - Statement of compliance - continued

#### 3. Compliance with the Code - continued

##### *Principle Three - continued*

- ii) Brian R. Mizzi – is a director of Mizzi Associated Enterprises Limited, which company is a shareholder of the Company;
- iii) Adrian Strickland – is a director of Strickland Limited, which company is a shareholder of the Company. Mr. Adrian Strickland has served on the Board of the Company for more than twelve consecutive years;
- iv) Marzena Formosa – is a senior officer of MSV Life p.l.c., which company is a shareholder in the Company. Ms. Marzena Formosa resigned as director with effect from the 4 January 2013 and as such ceased being a member of the Audit Committee. Mr. Etienne Sciberras has replaced her as a director on the Board of Directors, following the end of the year under review.
- v) Charles J. Farrugia – is a director of HSBC Bank (Malta) p.l.c., which company is a shareholder in the Company.

The only relationship that could impact the independence of non-executive Directors refers to their status as Directors or senior officers of other entities that are shareholders of the Company.

None of the non-executive Directors:

- (a) are or have been employed in any capacity by the Company;
- (b) receive significant additional remuneration from the Company;
- (c) have close family ties with any of the executive members of the Board;
- (d) have been within the last three years an engagement partner or a member of the audit team of the present or past external auditor of the Company; and
- (e) have a significant business relationship with the Company.

##### *Principle Four*

In terms of Principle Four, it is the Board's responsibility to ensure a system of accountability, monitoring, strategy formulation and policy development. Whilst these are matters which are reserved for the Board to determine, the Board believes that this responsibility includes the appropriate delegation of authority to, and accountability for the Company's day to day business, to the Executive Committee in a manner that is designed to provide high levels of comfort to the Directors that there is proper monitoring and accountability apart from the appropriate implementation of policy. Matters relating to administration, finance and strategy are, however, discussed at Board level.

During 2012, the Executive Committee was composed of:

Mr. Albert Mizzi - the Chairman;  
Mr. Lionel Lapira - the CEO; and  
Mr. Gerald J. Zammit - Director.

The activities of the Board are exercised in a manner designed to ensure that it can function independently of management and effectively supervise the operations of the Company. Each Board meeting is presented with a report by the CEO. Such report regularly includes: (i) the Company's management accounts circulated monthly to each Director; (ii) a management commentary on the results and on relevant events and decisions; and (iii) background information on any matter requiring the approval of the Board.

## Corporate Governance - Statement of compliance - continued

### 3. Compliance with the Code - continued

#### *Principle Four - continued*

In fulfilling its mandate, the Board assumes responsibility to:

- a) Establish appropriate corporate governance standards;
- b) Review, evaluate and approve, on a regular basis, long-term plans for the Company;
- c) Review, evaluate and approve the Company's budgets and forecasts;
- d) Review, evaluate and approve major resource allocations and capital investments;
- e) Review the financial and operating results of the Company;
- f) Ensure appropriate policies and procedures are in place to manage risks and internal control;
- g) Review, evaluate and approve the overall corporate organisation structure, the assignment of management responsibilities and plans for senior management development including succession;
- h) Review, evaluate and approve compensation to senior management; and
- i) Review periodically the Company's objectives and policies relating to social, health and safety and environmental responsibilities.

The Board does not consider it necessary to constitute separate committees to deal, *inter alia*, with item (h) above, as might be appropriate in a larger company. In ensuring compliance with other statutory requirements and with continuing listing obligations, the Board is advised directly, as appropriate, by its appointed broker, legal advisor and other advisors.

Directors are entitled to seek independent professional advice at any time on any aspect of their duties and responsibilities, at the Company's expense.

During the financial year under review, the Board held eleven (11) meetings (2011: 10).

#### *Principle Five*

The Board believes that it complies fully with the requirements of this principle and the relative Code Provisions, in that it has systems in place to ensure the reasonable notice of meetings of the Board and the circulation of discussion papers in advance of meetings so as to provide adequate time to Directors to prepare themselves for such meetings.

The following is the attendance at board meetings of each of the Directors:

Mr. Albert Mizzi - Chairman	11
Mr. David G. Curmi	9
Mr. Brian R. Mizzi	6
Mr. Adrian Strickland	8
Ms. Marzena Formosa	9
Mr. Gerald J. Zammit	9
Mr. Charles J. Farrugia	10

#### *Principle Six*

##### ***Principle Six of the Code deals with information and professional development.***

The Board believes that this principle has been duly complied with for the period under review. The CEO is appointed by the Directors and enjoys the full confidence of the Board.

### **Corporate Governance - Statement of compliance - continued**

#### **3. Compliance with the Code - continued**

##### ***Principle Seven***

##### ***Principle Seven of the Code deals with an evaluation of the Board's performance.***

Over the period under review it is the Board's opinion that all members of the Board, individually and collectively, have contributed in line with the required levels of diligence and skill. In addition, the Board believes that its current composition endows the Board with a cross-section of skills and experience and achieves the appropriate balance required for it to function effectively. During the year, the Directors carried out a self evaluation performance analysis, including the Chairman and CEO. The results of this analysis did not require any material changes in the corporate governance Company's structure.

##### ***Principle Eight***

##### ***Principle Eight A of the Code deals with the establishment of a Remuneration Committee for the Company aimed at developing policies on remuneration for Directors and senior executives and devising appropriate remuneration packages.***

The Company has no performance related remuneration payable to its Directors and accordingly, as allowed by Code Provision 8A.2, it has not appointed a Remuneration Committee, but rather establishes itself the remuneration policies of the Company.

The Board notes that the organisational set-up of the Company consists of 10 employees, of whom 1 is considered to be a senior officer. The size of its human resource does not, in the opinion of the Directors, warrant the establishment of a Remuneration Committee. Remuneration policies have therefore been retained within the remit of the Board itself. The senior officer is entitled to a cash performance bonus, which varies in line with improvements in the Company's profitability. This performance incentive, and its underlying basis, is subject to the review of the Board. No such bonus was paid during the year under review.

The aggregate amount of remuneration paid to all Directors of the Company was €30,131 during 2012 and each Director received an annual remuneration of €3,395. The aggregate amount of remuneration paid to all Directors also includes the amount of €2,122 received by each of the three non-executive directors which sit on the Audit Committee, amounting in total to €6,366, as an annual Audit Committee remuneration. The Board deems the disclosure of the total emoluments received by the senior officer as commercially sensitive and is hence availing itself of the exemption pursuant to Code Provision 8.A.6.

##### ***Principle Eight B of the Code deals with the requirement of a formal and transparent procedure for the appointment of Directors.***

The Board believes that the main principle has been duly complied with, in that it is the Articles of Association themselves that establish a formal and transparent procedure for the appointment of Directors. The Articles however do not contemplate the existence of a Nominations Committee as suggested by the Code.

## **Corporate Governance Statement - continued**

### **3. Compliance with the Code - continued**

#### ***Principles Nine and Ten***

***Principles Nine and Ten of the Code deal with relations with shareholders and with the market, and institutional shareholders.***

The Board is of the opinion that over the period under review the Company has communicated effectively with the market through a number of company announcements that it published informing the market of significant events happening within the Company. The Board notes that the reaction of market participants to the Company's communication strategy of important events has been a very positive one.

The Company will soon be holding its 13th Annual General Meeting where the Board intends to communicate directly with shareholders on the performance of the Company over the last financial year and to inform shareholders of the challenges that lie ahead.

Business at the Company's Annual General Meeting covers the approval of the Annual Report and Audited Financial Statements, the declaration of a dividend, if any, the election of Directors, the determination of the maximum aggregate emoluments that may be paid to Directors, the appointment of auditors and the authorisation of the Directors to set the auditors' remuneration.

Apart from the Annual General Meeting, the Company intends to continue with its active communication strategy in the market, and shall accordingly continue to communicate with its shareholders and the market by way of the Annual Report and Audited Financial Statements, by publishing its results on a six-monthly basis during the year, and by way of Company announcements to the market in general. The Company recognises the importance of maintaining a dialogue with the market to ensure that its strategies and performance are well understood and disclosed to the market in a timely manner. The Company's website ([www.plaza-shopping.com](http://www.plaza-shopping.com)) also contains information about the Company and its business, which is a source of further information to the market.

#### ***Principle Eleven***

***Principle Eleven deals with conflicts of interest and the principle that Directors should always act in the best interests of the Company.***

It is the practice of the Board that when a potential conflict of interest arises in connection with any transaction or other matter, the potential conflict of interest is declared so that steps may be taken to ensure that such items are appropriately dealt with. The steps taken will depend on the circumstances of the particular case, and may include the setting up of *ad-hoc* committees of independent Directors that would assist and monitor management as appropriate in the execution of specific transactions. By virtue of the Memorandum and Articles of Association, the Directors are obliged to keep the Board advised, on an ongoing basis, of any interest that could potentially conflict with that of the Company. The Board member concerned shall not take part in the assessment by the Board as to whether a conflict of interest exists. A Director shall not vote in respect of any contract, arrangement, transaction or proposal in which he has material interest in accordance with the Memorandum and Articles of Association. The Board believes that this is a procedure that achieves compliance with both the letter and rationale of principle eleven.

## Corporate Governance - Statement of compliance- continued

### 3. Compliance with the Code - continued

Commercial relationships between the Company and other companies with common Directors and shareholders may include the purchase of supplies and services, and the letting of outlets. Such contracts are entered into in the ordinary course of business and terms and conditions of new contracts negotiated are reviewed by the Company's Audit Committee. During the financial year, these contracts included: supplies and services of €17,435 (2011: €19,921) and income from lettings and premia of €118,293 (2011: €132,435).

As at the date of this Statement, the interests of the Directors in the shares of the Company, including indirect shareholdings through other companies, were as follows (shares held):

Director	Beneficial interests
Brian R. Mizzi	2,265,285
Albert Mizzi	2,262,840
Gerald J. Zammit	375,300
Adrian Strickland	333,093

#### *Principle Twelve*

*Principle Twelve encourages Directors of listed companies to adhere to accepted principles of corporate social responsibility.*

The Directors are committed to high standards of ethical conduct and to contribute to the development of the well-being of employees and their families as well as the local community and society at large.

### 4. Non-Compliance with the Code

The Directors set out below the Code provisions with which they do not comply and an explanation as to the reasons for such non-compliance:

Code Provision	Explanation
2.1	Although the posts of the Chairman and the Chief Executive Officer are occupied by different individuals in line with Code Provision 2.1, the division of their responsibilities has not been set out in writing. Nevertheless, the Board feels that there is significant experience and practice that determines the two roles.
2.3	With respect to Code Provision 2.3, the Board notes that the Chairman is also a member of the Executive Committee. However, the Board is of the view that this function of the Chairman does not impinge on his ability to bring to bear independent judgement to the Board.
4.3	For the purposes of Code Provision 4.3, the Board reports that although information sessions were not organised for Directors within the period under review, during its meetings the Board regularly discusses the Company's operations and prospects, the skills and competence of senior management, the general business environment and the Board's expectations.
6.4	With respect to Code Provision 6.4, the Board notes that professional development sessions were not organised for the period under review.

## Corporate Governance - Statement of Compliance - continued

### 4. Non-compliance with the Code - continued

Code Provision	Explanation
7.1	The Board has not appointed a committee for the purpose of undertaking an evaluation of the Board's performance in accordance with the requirements of Code Provision 7.1. The Board believes that the size of the Company and the Board itself does not warrant the proliferation of several committees. Whilst the requirement under Code Provision 7.1 might be useful in the context of larger companies having a more complex set-up and a larger Board, the size of the Company's Board is such that it should enable it to evaluate its own performance without the requirement of setting up an <i>ad-hoc</i> committee for this purpose. The Board shall retain this matter under review over the coming year.
8B	The Board has not appointed a Nominations Committee in line with Code Provision 8B, particularly in the light of the specific manner in which the Articles of Association require that Directors be appointed by a shareholding qualification to the Board. The Board believes that the current Articles of Association do not allow the Board itself to make any recommendations to the shareholders for appointments of Directors and that if this function were to be undertaken by the Board itself or a Nominations Committee, they would only be able to make a non-binding recommendation to the shareholders having the necessary qualification to appoint Directors pursuant to the Articles of Association. The Board, however, intends to keep under review the utility and possible advantages of having a Nominations Committee and following an evaluation may, if the need arises, make recommendations to the shareholders for a change to the Articles of Association.
9.3	There are no procedures in place within the Company for the resolution of conflicts between minority and controlling shareholders, nor does the Memorandum and Articles of Association contemplate any mechanism for arbitration in these instances.

### 5. The Audit Committee

The Company has established an Audit Committee in line with the requirements of the Listing Rules whose principal role is the monitoring of internal systems and control. Unlike the provisions of the Code, which are not mandatory in nature, the Directors acknowledge that the requirement of having an Audit Committee in place is an obligation under the Listing Rules. For the year under review this Committee consisted of Mr. Charles J. Farrugia, Mr. Adrian Strickland and Ms. Marzena Formosa. Ms. Marzena Formosa resigned as Director with effect from the 4 January 2013 and as such ceased being a member of the Audit Committee, and the Board of Directors appointed Mr. Etienne Sciberras in her stead on 18 February 2013. The Directors believe that Mr. Charles J. Farrugia is independent and competent in accounting and/or auditing in terms of Listing Rule 5.117. The Directors believe that Mr. Charles J. Farrugia satisfies the independence criteria as he is independent within the meaning of the Code as explained above in this Statement. Furthermore, Mr. Farrugia is also competent in accounting/auditing given his extensive experience in banking and finance matters and has the necessary skills to undertake the responsibilities required of him. The terms of reference, approved by the Board, are modelled on the recommendations of the Listing Rules.

## Corporate Governance - Statement of compliance - continued

### 5. The Audit Committee - continued

They include, *inter alia*, the responsibility of reviewing the financial reporting process and policies, the system of internal control and management of financial risk, the audit process, any transactions with related parties and the Company's process for monitoring compliance with laws and regulations. The external auditors are invited to attend specific meetings of the Audit Committee and are entitled to convene a meeting if they consider that it is necessary.

When the Audit Committee's monitoring and review activities reveal cause for concern or scope for improvement, it shall make recommendations to the Board on the action needed to address the issue or make improvements.

In the period under review, the Audit Committee met four (4) times (2011: 5).

### 6. Internal control

The Board is ultimately responsible for the Company's system of internal controls and for reviewing its effectiveness. Such a system is designed to manage rather than eliminate risk to achieve business objectives, and can provide only reasonable, and not absolute, assurance against normal business risks or loss.

Through the Audit Committee, the Board reviews the effectiveness of the Company's system of internal controls.

The key features of the Company's system of internal control are as follows:

#### **Organisation**

The Company operates through the CEO and Executive Committee with clear reporting lines and delegation of powers.

#### **Control Environment**

The Company is committed to the highest standards of business conduct and seeks to maintain these standards across all its operations. Company policies and employee procedures are in place for the reporting and resolution of improper activities.

The Company has an appropriate organisational structure for planning, executing, controlling and monitoring business operations in order to achieve Company objectives.

#### **Risk Identification**

Company management is responsible for the identification and evaluation of key risks applicable to their respective areas of business.

### 7. General meetings

The general meeting is the highest decision making body of the Company and is regulated by the Company's Articles of Association. All shareholders registered on the register of members of the Company on a particular record date are entitled to attend and vote at general meetings. A general meeting is called by twenty-one (21) days' notice.

**Corporate Governance - Statement of compliance** - continued

**7. General meetings** - continued

At an Annual General Meeting what is termed as "ordinary business" is transacted, namely, the declaration of a dividend, the consideration of the financial statements and the reports of the Directors and the auditors, the election of Directors, the appointment of auditors and the fixing of remuneration of Directors and auditors. Other business which may be transacted at a general meeting (including at the Annual General Meeting) will be dealt with as "Special Business".

Voting at any general meeting takes place by a show of hands or a poll where this is demanded. Subject to any rights or restrictions for the time being attached to any class or classes of shares, on a show of hands each shareholder is entitled to one vote and on a poll each shareholder is entitled to one vote for each share carrying voting rights of which he is a holder. Shareholders who cannot participate in the general meeting may appoint a proxy by written or electronic notification to the Company. Appointed proxy holders enjoy the same rights to participate in the general meeting as those to which the shareholder they represent is entitled. Every shareholder represented in person or by proxy is entitled to ask questions which are pertinent and related to the items on the agenda of the general meeting and to have such questions answered by the Directors or such persons as the Directors may delegate for such person.

The Directors' statement of responsibilities for preparing the financial statements is set out on pages 2 and 3.

Approved by the Board of Directors on 13 March 2013 and signed on its behalf by:

Albert Mizzi  
Chairman

Charles J. Farrugia  
Director

## Independent auditor's report

To the Shareholders of Plaza Centres p.l.c.

### Report on the Financial Statements for the year ended 31 December 2012

We have audited the financial statements of Plaza Centres p.l.c. on pages 16 to 39 which comprise the statement of financial position as at 31 December 2012 and the statements of comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### *Directors' Responsibility for the Financial Statements*

As explained more comprehensively in the Statement of Directors' responsibilities for the financial statements on pages 2 and 3, the Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and the requirements of the Maltese Companies Act, 1995, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Opinion*

In our opinion the financial statements:

- give a true and fair view of the financial position of the Company as at 31 December 2012, and of its financial performance and its cash flows for the year then ended in accordance with IFRSs as adopted by the EU; and
- have been properly prepared in accordance with the requirements of the Maltese Companies Act, 1995.

## Independent auditor's report - continued

### Report on Other Legal and Regulatory Requirements

The Listing Rules issued by the Malta Listing Authority require the Directors to prepare and include in their Annual Report a Statement of compliance providing an explanation of the extent to which they have adopted the Code of Principles of Good Corporate Governance and the effective measures that they have taken to ensure compliance throughout the accounting period with those Principles. The Listing Rules also require the auditor to include a report on the Statement of compliance prepared by the Directors.

We read the Statement of compliance and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements included in the Annual Report. Our responsibilities do not extend to considering whether this Statement is consistent with any other information included in the Annual Report.

We are not required to, and we do not, consider whether the Board's Statements on internal control included in the Statement of compliance cover all risks and controls, or form an opinion on the effectiveness of the Company's corporate governance procedures or its risk and control procedures.

In our opinion, the Statement of compliance set out on pages 4 to 13 has been properly prepared in accordance with the requirements of the Listing Rules issued by the Malta Listing Authority.

We also read other information contained in the Annual Report and consider whether it is consistent with the audited financial statements. The other information comprises only the Directors' report. Our responsibilities do not extend to any other information.

We also have responsibilities:

- Under the Maltese Companies Act, 1995 to report to you if, in our opinion:
  - The information given in the Directors' report is not consistent with the financial statements.
  - Adequate accounting records have not been kept, or that returns adequate for our audit have not been received from branches not visited by us.
  - The financial statements are not in agreement with the accounting records and returns.
  - We have not received all the information and explanations we require for our audit.
  - Certain disclosures of Directors' remuneration specified by law are not made in the financial statements, giving the required particulars in our report.
- Under the Listing Rules to review the statement made by the Directors, set out on page 3, that the business is a going concern together with supporting assumptions or qualifications as necessary.

We have nothing to report to you in respect of these responsibilities.

## Notes to the financial statements

### 1. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### 1.1 Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and the requirements of the Companies Act, 1995. They have been prepared under the historical cost convention, as modified by the fair valuation of the land and buildings class of property, plant and equipment.

The preparation of financial statements in conformity with IFRSs as adopted by the EU requires the use of certain accounting estimates. It also requires Directors to exercise their judgement in the process of applying the Company's accounting policies (see Note 3 - Critical accounting estimates and judgements).

#### *Standards, interpretations and amendments to published standards effective in 2012*

In 2012, the Company adopted new standards, amendments and interpretations to existing standards that are mandatory for the Company's accounting period beginning on 1 January 2012. The adoption of these revisions to the requirements of IFRSs as adopted by the EU did not result in substantial changes to the Company's accounting policies.

#### *Standards, interpretations and amendments to published standards that are not yet effective*

Certain new standards, amendments and interpretations to existing standards have been published by the date of authorisation for issue of these financial statements but are mandatory for the Company's accounting periods beginning after 1 January 2012. The Company has not early adopted these revisions to the requirements of IFRSs as adopted by the EU and the Company's Directors are of the opinion that, with the exception of the below pronouncements, there are no requirements that will have a possible significant impact on the Company's financial statements in the period of initial application.

Amendment to IAS 1, 'Financial statements presentation' regarding other comprehensive income. The main change resulting from these amendments is a requirement for entities to group items presented in 'other comprehensive income' on the basis of whether subsequently, they are potentially reclassifiable to profit or loss (reclassification adjustments). The amendments do not address which items are presented in other comprehensive income.

IFRS 13, 'Fair value measurement', aims to improve consistency and reduce complexity by providing a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements, do not extend the use of fair value accounting, but provide guidance on how it should be applied where its use is already required or permitted by other standards.

The Company is yet to assess the full impact of the above.

1. **Summary of significant accounting policies - continued**

**1.2 Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments has been identified as the Board of Directors that makes strategic decisions. The Board of Directors considers the Company to be made up of one segment, that is to lease and manage the Plaza Shopping and Commercial Centre.

**1.3 Foreign currency translation**

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in euro, which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

**1.4 Property, plant and equipment**

Property, plant and equipment, comprising land and buildings, electrical installations, plant, machinery and equipment, and furniture and fittings are initially recorded at cost. Land and buildings are subsequently shown at market value, based on periodic, but at least triennial valuations by external independent valuers, less subsequent depreciation for buildings. Valuations are carried out on a regular basis such that the carrying amount of property does not differ materially from that which would be determined using fair values at the end of the reporting period. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset. All other property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Borrowing costs which are incurred for the purpose of acquiring or constructing a qualifying asset are capitalised as part of its cost (Note 1.17).

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

Increases in the carrying amount arising on revaluation of land and buildings are credited to other comprehensive income and shown as a revaluation reserve in shareholders' equity. Decreases that offset previous increases of the same asset are charged in other comprehensive income and debited against the revaluation reserve directly in equity; all other decreases are charged to profit or loss. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost, net of any related deferred income taxes, is transferred from the revaluation reserve to retained earnings.

**1. Summary of significant accounting policies - continued**

**1.4 Property, plant and equipment - continued**

Land is not depreciated as it is deemed to have an indefinite life. Depreciation on other assets is calculated using the straight-line method to allocate their cost or revalued amount to their residual values over their estimated useful lives, as follows:

Buildings	% 1
Electrical installations	4
Plant, machinery and equipment	5 - 20
Furniture and fittings	3.33 - 33.33

Assets in the course of construction are not depreciated.

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (Note 1.5).

Gains and losses on disposals are determined by comparing proceeds with the carrying amount and are recognised in profit or loss. When revalued assets are sold, the amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

**1.5 Impairment of non-financial assets**

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**1.6 Financial assets**

**1.6.1 Classification**

The Company classifies its financial assets in the loans and receivables category. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Company provides money, goods or services directly to a debtor with no intention of trading the asset. They are included in current assets, except for maturities greater than twelve months after the end of the reporting period. These are classified as non-current assets. The Company's loans and receivables comprise trade and other receivables and cash and cash equivalents in the statement of financial position (Notes 1.7 and 1.8).

1. **Summary of significant accounting policies - continued**

**1.6 Financial assets - continued**

**1.6.2 Recognition and measurement**

The Company recognises a financial asset in its statement of financial position when it becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, which is the date on which the Company commits to purchase or sell the asset. Any change in fair value for the asset to be received is recognised between the trade date and settlement date in respect of assets which are carried at fair value in accordance with the measurement rules applicable to the respective financial assets.

Financial assets are initially recognised at fair value plus transaction costs. Loans and receivables are subsequently carried at amortised cost using the effective interest method. Amortised cost is the initial measurement amount adjusted for the amortisation of any difference between the initial and maturity amounts using the effective interest method.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership or has not retained control of the asset.

**1.6.3 Impairment**

The Company assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. The Company first assesses whether objective evidence of impairment exists. The criteria that the Company uses to determine that there is objective evidence of an impairment loss include:

- significant financial difficulty of the issuer or obligor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becomes probable that the borrower will enter bankruptcy or other financial reorganisation.

For financial assets carried at amortised cost, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The asset's carrying amount is reduced and the amount of the loss is recognised in profit or loss. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in profit or loss.

**1. Summary of significant accounting policies - continued**

**1.7 Trade and other receivables**

Trade receivables comprise amounts due from customers for services rendered in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment (Note 1.6.3). The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in profit or loss. When a receivable is uncollectible, it is written off against the allowance account for trade and other receivables. Subsequent recoveries of amounts previously written off are credited against profit or loss.

**1.8 Cash and cash equivalents**

Cash and cash equivalents are carried in the statement of financial position at face value. In the statement of cash flows, cash and cash equivalents includes cash in hand, deposits held at call with banks and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position.

**1.9 Share capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares are shown as a deduction in equity from the proceeds.

**1.10 Financial liabilities**

The Company recognises a financial liability in its statement of financial position when it becomes a party to the contractual provisions of the instrument. The Company's financial liabilities are classified as financial liabilities which are not at fair value through profit or loss (classified as 'Other liabilities') under IAS 39. Financial liabilities not at fair value through profit or loss are recognised initially at fair value, being the fair value of consideration received, net of transaction costs that are directly attributable to the acquisition or the issue of the financial liability. These liabilities are subsequently measured at amortised cost. The Company derecognises a financial liability from its statement of financial position when the obligation specified in the contract or arrangement is discharged, is cancelled or expires.

**1.11 Trade and other payables**

Trade payables comprise obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Deferred income comprises advance payments for rent receivable relating to subsequent periods and rental premia that are credited to profit or loss on a straight-line basis over the lease term.

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

**1. Summary of significant accounting policies - continued**

**1.12 Borrowings**

Borrowings are recognised initially at the fair value of proceeds received, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period.

**1.13 Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

**1.14 Current and deferred tax**

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit nor loss. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Under this method the Company is required to make a provision for deferred taxes on the revaluation of property, plant and equipment. Such deferred tax is charged or credited directly to the revaluation reserve. Deferred tax on the difference between the actual depreciation on the property and the equivalent depreciation based on the historical cost of the property is realised through profit or loss.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

**1. Summary of significant accounting policies - continued**

**1.15 Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable for the sale of services in the ordinary course of the Company's activities. Revenue is recognised upon performance of services, and is stated net of sales tax, returns, rebates and discounts.

The Company recognises revenue when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the entity and when specific criteria have been met for each of the Company's activities as described below:

(a) Rental income

Rents receivable and premia charged to clients are included in the financial statements as revenue. Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments received under operating leases are credited to profit or loss on a straight-line basis over the period of the lease.

(b) Finance income

Interest income is recognised in profit or loss for as it accrues, unless collectability is in doubt.

**1.16 Operating leases**

(a) The Company is the lessor

Assets leased out under operating leases are included in property, plant and equipment in the statement of financial position and are accounted for in accordance with accounting policy 1.4. They are depreciated over their expected useful lives on a basis consistent with similar owned property, plant and equipment. Rental income from operating leases is recognised in profit or loss on a straight-line basis over the lease term.

(b) The Company is the lessee

Leases of assets in which a significant portion of the risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit and loss on a straight-line basis over the period of the lease.

**1.17 Borrowing costs**

Borrowing costs which are incurred for the purpose of acquiring or constructing qualifying property, plant and equipment, are capitalised as part of its cost. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Borrowing costs are capitalised while acquisition or construction is actively underway, during the period of time that is required to complete and prepare the asset for its intended use. Capitalisation of borrowing costs is ceased once the asset is substantially ready for their intended use or sale and is suspended if the development of the asset is suspended. All other borrowing costs are expensed. Borrowing costs are recognised for all interest-bearing instruments on an accrual basis using the effective interest method. Interest costs include the effect of amortising any difference between initial net proceeds and redemption value in respect of interest-bearing borrowings.

**1.18 Dividend distribution**

Dividend distribution to the Company's shareholders is recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

## 2. Financial risk management

### 2.1 Financial risk factors

The Company's activities potentially expose it to a variety of financial risks: market risk (including cash flow and fair value interest rate risk), credit risk and liquidity risk. The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance. The Company did not make use of derivative financial instruments to hedge risk exposures during the current and preceding financial years. The Board provides principles for overall risk management, as well as policies covering risks referred to above.

#### (a) Market risk

##### (i) Foreign exchange risk

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities which are denominated in a currency that is not the entity's functional currency. The Company's transactions and recognised assets and liabilities are all denominated in euro and hence the Company is not exposed to foreign exchange risk.

##### (ii) Cash flow and fair value interest rate risk

The Company's significant interest-bearing assets and liabilities, and related interest rate and maturity information, are disclosed in Notes 5 and 11. The Company's cash flow interest rate risk principally arises from bank borrowings issued at variable rates (Note 11), which exposes the Company to cash flow interest rate risk. Management monitors the impact of changes in market interest rates on amounts reported in profit or loss in respect of these instruments. The Company's fair value risk arises from overdue receivables that are however measured at amortised cost. The Company's operating cash flows are substantially independent of changes in market interest rates.

Based on the above, management considers the potential impact on profit or loss of a defined interest rate shift that is reasonably possible at the end of the reporting period to be immaterial.

#### (b) Credit risk

Financial assets that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents and credit exposure to customers, including outstanding receivables and committed transactions. The Company's exposures to credit risk as at the end of each reporting period are analysed as follows:

	2012	2011
	€	€
Loans and receivables category:		
Trade and other receivables (Note 5)	336,028	307,561
Cash and cash equivalents (Note 6)	11,961	10,293
	347,989	317,854

The maximum exposure to credit risk at the end of the reporting period in respect of the financial assets mentioned above is equivalent to their carrying amount. The Company does not hold any collateral as security in this respect.

**2. Financial risk management - continued**

**2.1 Financial risk factors - continued**

*(b) Credit risk - continued*

Credit risk with respect to cash and cash equivalents is not considered to be significant since the Company's cash is placed with quality financial institutions. Concentration of credit risk with respect to trade receivables is limited due to the number of customers comprising the Company's debtor base. The Company assesses the credit quality of its tenants taking into account financial position, past experience and other factors. The Company manages credit limits and exposures actively in a practicable manner such that there are no material past due amounts receivable from tenants as at the end of the reporting period. Other than impaired receivables disclosed below, the Company's debtors are principally in respect of transactions with tenants for whom there is no recent history of default. Management does not expect any material losses from non-performance by these tenants.

At 31 December 2012, trade receivables of €13,025 (2011: €13,025) were considered to be impaired. Provisions for impairment in this respect are equivalent to the amounts disclosed. The individually impaired receivables relate to independent customers that are not meeting repayments obligations. Reversals of provisions for impairment arise in those situations where customers settle the balance due. The Company does not hold any collateral as security in respect of the impaired assets. The movements in these provisions are disclosed in Note 14 and are included in 'Administrative expenses' in profit or loss.

At 31 December 2012 and 2011, certain trade receivables were past due but not impaired. These mainly relate to a number of independent customers for whom there is no recent history of default. Categorisation of trade receivables as past due is determined by the Company on the basis of the nature of the credit terms in place and credit arrangements actually utilised in managing exposures with customers. The ageing analysis of these past due but not impaired trade receivables is disclosed below:

	2012	2011
	€	€
Past due up to 2 months	46,930	310
Past due over 2 months	17,847	-
	64,777	310

*(c) Liquidity risk*

The Company is exposed to liquidity risk in relation to meeting future obligations associated with its financial liabilities, which comprise principally interest-bearing borrowings and trade and other payables (refer to Notes 11 and 10 respectively). The Company's current liabilities exceeded its current assets as at the financial year end by €1,520,273 (2011: €1,360,816) as a consequence of partially financing the acquisition and development of new projects through operational cash flows and short-term financing. Prudent liquidity risk management includes maintaining sufficient cash and committed credit lines to ensure the availability of an adequate amount of funding to meet the Company's obligations.

**2. Financial risk management - continued**

**2.1 Financial risk factors - continued**

*(c) Liquidity risk - continued*

Management monitors liquidity risk by means of cash flow forecasts on the basis of expected cash flows over a twelve month period and ensures that no additional financing facilities are expected to be required over the coming year. The Company's liquidity risk is not deemed to be material in view of the matching of cash inflows and outflows arising from expected maturities of financial instruments, expectations for future income streams from existing and new contracts, coupled with the Company's committed borrowing facilities that it can access to meet liquidity needs as referred to previously and as disclosed in some more detail in Note 11. Such note gives an analysis of the Company's bank borrowings into relevant maturity groupings based on the remaining term at the end of the reporting period to the contractual maturity date. The amounts disclosed are the contractual undiscounted cash flows and when applicable are inclusive of interest.

Balances due within twelve months are stated at their carrying amount, as the impact of discounting is not significant.

**2.2 Capital risk management**

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may issue new shares or adjust the amount of dividends paid to shareholders.

The Company's equity, as disclosed in the statement of financial position, constitutes its capital. The Company maintains the level of capital by reference to its financial obligations and commitments arising from operational requirements. In view of the nature of the Company's activities and the extent of borrowings or debt, the capital level as at the end of the reporting period is deemed adequate by the Directors.

**2.3 Fair values of financial instruments**

At 31 December 2012 and 2011 the carrying amounts of cash at bank, receivables, payables, accrued expenses and short-term borrowings reflected in the financial statements are reasonable estimates of fair value in view of the nature of these instruments or the relatively short period of time between the origination of the instruments and their expected realisation.

The fair value of non-current financial instruments for disclosure purposes is estimated by discounting the future contractual cash flows at the respective current market interest rate is available to the Company for similar financial instruments. The fair value of the Company's non-current liabilities as at the end of the reporting period is not significantly different from the carrying amount in view of the interest rates to which they are exposed.

### 3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the Directors, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1.

As referred in Note 4 below, the Company's land and buildings were revalued by the Directors as at 31 December 2011. This valuation has been made on the basis of independent professional advice which has considered, *inter alia*, the projected future earnings from the Plaza Shopping and Commercial Centre, in the main based on current rental contracts projected over the longer term, its ongoing maintenance needs, and other relevant market factors.

### 4. Property, plant and equipment

	Land and buildings €	Electrical installations €	Plant, machinery and equipment €	Furniture and fittings €	Total €
<b>At 1 January 2011</b>

**4. Property, plant and equipment - continued**

In 2011, borrowing costs of €11,588 arising on the financing of the extension of the Plaza Shopping Centre were capitalised until 31 March 2011, the date when the extension was substantially ready for its intended use, and included in 'Additions'. A capitalisation rate of 5% was used, representing the actual borrowing cost of the funds used to finance the project. No borrowing costs were capitalised in 2012.

Fully depreciated assets which were still in use at 31 December 2012 amounted to €601,298 (2011: €583,089).

The Company's land and buildings were last revalued at 31 December 2011 on the basis of an open market valuation by an independent professionally qualified valuer. The revalued amount did not differ materially from the carrying amount of the property as at 31 December 2011 and accordingly no changes to the net carrying amount were accounted for. The revaluation surplus, net of applicable deferred taxes, arising on past revaluations had been credited to the revaluation reserve in the shareholders' equity (Note 9).

The carrying value of land and buildings would have been as follows had these assets been included in the financial statements at cost less depreciation:

	2012	2011
	€	€
Cost	12,119,373	11,931,108
Accumulated depreciation	(632,727)	(562,076)
Net book amount	11,486,646	11,369,032

Bank borrowings are secured on the Company's land and buildings (refer to Note 11).

**5. Trade and other receivables**

	2012	2011
	€	€
<b>Current</b>		
Trade receivables on rental and other income – gross	290,654	278,849
Less: Provision for impairment of trade receivables	(13,025)	(13,025)
Trade receivables – net	277,629	265,824
Prepayments and accrued income	58,399	41,737
	336,028	307,561

Interest on overdue receivables is charged at a rate of 6% (2011: 6%).

**6. Cash and cash equivalents**

For the purpose of the statement of cash flows, the year-end cash and cash equivalents comprise the following:

	2012 €	2011 €
Cash at bank and in hand	11,961	10,293
Bank overdraft (Note 11)	(984,930)	(621,227)
	(972,969)	(610,934)

**7. Share capital**

	2012 €	2011 €
<b>Authorised</b>		
75,000,000 (2011: 25,000,000) ordinary shares of €0.20 each (2011: €0.465874 each)	15,000,000	11,646,850
<b>Issued and fully paid</b>		
28,242,000 (2011: 9,414,000) ordinary shares of €0.20 each (2011: €0.465874 each)	5,648,400	4,385,738

On 24 May 2012, by virtue on an extraordinary resolution, the shareholders resolved that:

- (a) The nominal value of the Company's shares is re-denominated from €0.465874 per share to €0.60 per share, and accordingly that the authorised share capital of the Company is increased from €11,648,000 to €15,000,000 divided into 25,000,000 shares of €0.60 each share.
- (b) The issued share capital of the Company composed of 9,414,000 ordinary shares is re-denominated from a nominal value of €0.465874 each share to €0.60 each share, through the capitalisation of €1,262,662 from retained earnings, increasing the issued share capital of the Company from €4,385,738 to €5,648,400.
- (c) Following the re-denomination set out above, the nominal value of the Company's share capital is again re-denominated and converted from €0.60 each share to €0.20 each share. Accordingly, the authorised share capital of €15,000,000 is divided into 75,000,000 shares of €0.20 each share, and the issued share capital of €5,648,400 is divided into 28,242,000 ordinary shares of €0.20 each share, allocated proportionately to eligible members at a ratio of 3 new shares for each registered share.

**8. Share premium**

	2012 €	2011 €
At beginning and end of year	<b>3,094,868</b>	3,094,868

The share premium arose in previous financial years on the issue of 2,050,000 ordinary shares at a premium of €1.509691 per share.

**9. Revaluation reserve**

	2012 €	2011 €
At beginning of year, before deferred tax	<b>13,162,851</b>	13,180,156
Transfer upon realisation through asset use	<b>(17,305)</b>	(17,305)
At end of year, before deferred tax	<b>13,145,546</b>	13,162,851
Deferred taxation (Note 12)	<b>(2,669,967)</b>	(2,676,024)
At end of year	<b>10,475,579</b>	10,486,827

The tax impact relating to components of other comprehensive income is presented in the above table.

The revaluation reserve is non-distributable.

**10. Trade and other payables**

	2012 €	2011 €
<b>Current</b>		
Trade payables	<b>154,934</b>	84,172
Indirect taxation	<b>37,812</b>	17,937
Other payables	<b>14,852</b>	8,519
Accruals	<b>205,832</b>	331,865
Deferred income	<b>159,559</b>	333,594
	<b>572,989</b>	776,087
<b>Non-current</b>		
Deferred income	<b>476,281</b>	548,879

**11. Borrowings**

	2012 €	2011 €
<b>Current</b>		
Bank overdraft	984,930	621,227
Bank loans	281,432	273,625
	1,266,362	894,852
 <b>Non-current</b>		
Bank loans	2,532,703	2,807,872
	3,799,065	3,702,724

The Company's banking facilities as at 31 December 2012 amounted to €4,114,527 (2011: €4,311,828). The bank borrowings are secured by a special and general hypothec over the Company's assets and by a pledge over the insurance policies of the Company.

The interest rate exposure of the borrowings of the Company was as follows:

	2012 €	2011 €
Total borrowings:		
At floating rates	3,799,066	3,702,724

The weighted average effective interest rates at the end of the reporting period were as follows:

	2012 %	2011 %
Bank overdraft	5.0	5.0
Bank loans	5.0	5.0

The following are the contracted undiscounted cash flows of the Company's bank loans analysed into relevant maturity groupings based on the remaining term at the end of the reporting period to the maturity date:

	2012 €	2011 €
Within 1 year	418,218	423,965
Between 1 and 2 years	404,147	411,825
Between 2 and 5 years	1,128,011	1,162,638
Later than 5 years	1,636,363	2,007,356
	3,586,739	4,005,784
 Carrying amount	2,814,135	3,081,497

**12. Deferred taxation**

Deferred taxes are calculated on temporary differences under the liability method and are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates (and tax laws) that have been enacted by the end of the reporting period. The principal tax rate used is 35% (2011: 35%), with the exception of deferred tax on the fair valuation of non-depreciable property which is computed on the basis applicable to disposals of immovable property, that is, tax effect of 12% of the transfer value.

The movement on the deferred tax account is as follows:

	2012 €	2011 €
At beginning of year	(2,907,501)	(2,896,462)
Realisation through assets' use (Note 18)	6,057	6,057
Deferred tax on other temporary differences (Note 18)	(7,834)	(17,096)
At end of year	(2,909,278)	(2,907,501)

All the amounts referenced to Note 18 as disclosed in the table above, are recognised in profit or loss.

The balance at 31 December represents:

	2012 €	2011 €
Temporary differences attributable to deferred premium income	189,544	217,933
Temporary differences arising on depreciation of property, plant and equipment	(433,414)	(453,969)
Temporary differences on fair valuation of property	(2,669,967)	(2,676,024)
Temporary differences on provision for impairment of trade receivables	4,559	4,559
	(2,909,278)	(2,907,501)

The recognised deferred tax assets and liabilities are expected to be recovered or settled principally after more than twelve months.

**13. Revenue**

The Company's revenue is principally derived from rental income attributable to retail outlets and office space in the 'Plaza Shopping and Commercial Centre'.

**14. Expenses by nature**

	2012	2011
	€	€
Employee benefit expense (Note 15)	239,863	199,513
Depreciation of property, plant and equipment (Note 4)	374,293	360,502
Motor vehicle operating lease rentals payable	13,164	13,164
Directors' emoluments (Note 19)	30,131	29,252
Movement in provision for impairment of trade receivables	-	(20,593)
Amounts written off in respect of trade receivables	-	33,618
Other expenses	87,070	103,309
<b>Total operating costs</b>	<b>744,521</b>	<b>718,765</b>

Fees charged by the auditor for services rendered during the financial periods ended 31 December 2012 and 2011 relate to the following:

	2012	2011
	€	€
Annual statutory audit	8,200	8,150
Other assurance services	1,150	1,150
Tax advisory and compliance services	5,551	1,870
	<b>14,901</b>	<b>11,170</b>

**15. Employee benefit expense**

	2012	2011
	€	€
Wages and salaries	223,946	187,461
Social security costs	15,917	12,052
	<b>239,863</b>	<b>199,513</b>

Average number of persons employed by the Company during the year:

	2012	2011
Administration	4	4
Maintenance	5	4
Security	1	1
	<b>10</b>	<b>9</b>

**16. Finance income**

	2012	2011
	€	€
Interest income on trade receivables	11,330	17,043

**17. Finance costs**

	2012 €	2011 €
Interest on bank loans and overdraft	<b>186,434</b>	184,033

**18. Tax expense**

	2012 €	2011 €
Current taxation:		
Current tax expense	<b>492,153</b>	466,639
Adjustment recognised in financial period for current tax of prior periods	<b>16,206</b>	-
Deferred tax expense (Note 12)	<b>1,777</b>	11,039
	<b>510,136</b>	477,678

The tax on the Company's profit before tax differs from the theoretical amount that would arise using the basic tax rate as follows:

	2012 €	2011 €
Profit before tax	<b>1,331,632</b>	1,313,139
Tax on profit at 35%	<b>466,071</b>	459,599
Tax effect of:		
- non-deductible depreciation	<b>24,728</b>	22,498
- other differences	<b>3,131</b>	(4,419)
- adjustment to tax in previous years	<b>16,206</b>	-
Tax charge in the accounts	<b>510,136</b>	477,678

**19. Directors' emoluments**

	2012 €	2011 €
Directors' fees	<b>30,131</b>	29,252

The Company has paid insurance premiums of €2,223 (2011: €2,832) during the year in respect of professional indemnity in favour of its Directors and senior officers.

**20. Earnings per share**

Earnings per share is based on the net profit for the year divided by the weighted average number of ordinary shares in issue during the year.

	2012	2011
Net profit attributable to shareholders (€)	821,496	835,461
Weighted average number of ordinary shares in issue	28,242,000	28,242,000
Earnings per share (cents)	2c91	2c96

Comparative figures in the table above have been restated to take cognisance of the share split disclosed in Note 7 to the financial statements.

**21. Dividend**

At the forthcoming Annual General Meeting a final net dividend in respect of 2012 of €0.0247 per share, amounting to a total net dividend of €698,272 is to be proposed. These financial statements do not reflect this dividend payable, which will be accounted for in shareholders' equity as an appropriation of retained earnings in the year ending 31 December 2012. The net dividends declared in respect of 2011 and 2010 were €710,142 (€0.0251 per share) and €707,795 (€0.0251 per share) respectively.

**22. Cash generated from operations**

Reconciliation of operating profit to cash generated from operations:

	2012	2011
	€	€
Operating profit	1,506,736	1,480,129
Adjustments for:		
Depreciation of property, plant and equipment (Note 4)	374,293	360,502
Deferred premium income	(81,112)	(98,504)
Movement in provision for impairment of trade receivables (Note 5)	-	(20,593)
Amounts written off in respect of trade receivables	-	33,618
Changes in working capital:		
Trade and other receivables	(28,467)	23,258
Trade and other payables	(193,253)	351,004
Cash generated from operations	1,578,197	2,129,414

Comparative figures in the table above and in the statement of cashflows have been reclassified to conform with the current year's presentation for the purpose of fairer presentation.

**23. Capital commitments**

Commitments for capital expenditure not provided for in these financial statements are as follows:

	2012	2011
	€	€
Authorised but not contracted	235,000	200,000

**24. Operating lease commitments**

*(a) Where the Company is the lessor*

Future minimum lease payments due to the Company under non-cancellable operating leases are as set out below. They are determined by reference to the point in time in the rental contract when the tenant is given the option to cancel a lease without the requirement of any additional payment thereon.

	2012 €	2011 €
Not later than 1 year	1,547,230	1,882,350
Later than 1 year and not later than 5 years	1,707,445	2,814,904
	3,254,675	4,697,254

*(b) Where the Company is the lessee*

The future minimum lease payments payable under non-cancellable motor-vehicle operating leases are as follows:

	2012 €	2011 €
Not later than one year	13,164	13,164
Later than one year and not later than five years	-	13,164
	13,164	26,328

**25. Related party transactions**

No transactions with related parties as defined by IAS 24 were carried out during the year.

Key management personnel compensation, consisting of Directors' remuneration is disclosed in Note 19 to these financial statements.

**26. Statutory information**

Plaza Centres p.l.c. is a limited liability Company and is incorporated in Malta.
