## *Fresh egg daily homemade pasta only* *- Bronze wire drawing - 100% Italian -*

L'idea di  nasce dalla comune passione di Alessandro ed Isabella (Siciliani DOC) per la pasta fresca fatta in casa, simbolo e anima dell'italianità in tutto il mondo.

Pochi ingredienti, rigorosamente italiani e semplicemente genuini, gli stessi che utilizzavano mamma Elvira e mamma Nelly per i "Pranzi della domenica", portano a Malta la leggerezza e la bontà della vera cucina tradizionale Italiana delle Nonne Italiane, con l'impegno di mantenerne il gusto. Questo rimane il loro impegno costante e giornaliero.

Quella di utilizzare un solo tipo di pasta fresca, il classico "spaghettoni" trafilato rigorosamente al bronzo, è stata una precisa scelta tecnica per garantire la continua freschezza del nostro prodotto e la capacità della pasta di sposarsi con qualsiasi tipo di sugo.

Alessandro ed Isabella con  hanno voluto sdoganare l'idea che la pasta fresca non possa essere servita per un pasto durante una pausa veloce, pur mantenendo alti i livelli di tradizione, gusto e qualità del prodotto italiano.

Adesso è ora di concedervi, anche per una pausa veloce, il gusto della nostra pasta fresca!...

BUON APPETITO.

The idea of  was born from the shared passion of Alessandro and Isabella (DOC Sicilians) for fresh homemade pasta, the symbol and soul of Italianness throughout the world.

Few ingredients, strictly Italian and simply genuine, the same ones that mother Elvira and mother Nelly used for "Sunday lunches", bring to Malta the lightness and goodness of the true traditional Italian cuisine of the Italian Grandmothers, with the commitment to maintaining its taste. This remains their constant and daily commitment.

Using only one type of fresh pasta, the classic "spaghettoni" rigorously drawn using bronze, was a precise technical choice to guarantee the continuous freshness of our product and the ability of the pasta to combine with any type of sauce.

Alessandro and Isabella with  wanted to clear the idea that fresh pasta cannot be served for a meal during a quick break, while maintaining high levels of tradition, taste and quality of the Italian product.

Now it's time to treat yourself, even for a quick break, to the taste of our fresh pasta!...
